

LSU Head and Neck Didactic Day - 2026

LSU Head and Neck Didactic Day - 2026 - 9/1/2026

September 1, 2026 – 8:00 AM

Course Description

The overall goal is to provide an opportunity for practicing physicians, medical students, residents and other healthcare providers (nurses, speech pathologists, etc.) to learn about topics relating to general otolaryngology, head and neck trauma, diseases of the skull base, head and neck tumors and pediatric diseases of the head and neck, and to exchange knowledge and experiences which will enhance education and the future care of patients with head and neck pathology. Powerpoint slides, simulation exercises and role playing are methods of teaching that are used.

Learning Objectives

Upon completion of this session, learners should be able to:

1 At the end of each conference, participants should be able to discuss differential diagnoses and compare, contrast and evaluate different surgical techniques, reconstructive options when applicable, evaluation, treatment and rehabilitation of patients presenting with a specific disease process pertaining to the field of otolaryngology - head and neck surgery.

Target Audience

Specialties – Otolaryngology

Professions – Physician, Nurse, Student, Nurse Practitioner, Allied Health Professional, Physician Assistant, Resident, Advance Practice Professional
